

# LST (Low Surface Temperature) Radiator Covers

keeping you safe and secure

## Why choose us?

PolyCoversDirect manufacture bespoke high impact PVC radiator covers. They are designed for use in a variety of environments such as Care Homes, Hospitals, Schools, Nurseries and Doctors Surgeries. We offer a commercially viable solution for the protection of both the service user and the provider.

## Key benefits:

- Low surface temperature
- Waterproof and easy to clean
- Protection from impact injuries
- Easy to retrofit and install
- Class 1 fire rated
- Bespoke made to fit
